

An Informative Half-day Workshop:

MIOSHA General Industry

Part 2 - Walking/Working Surfaces

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

Part 2 - Walking-Working Surfaces is a performance rule set and intended to provide information regarding safety in all places of employment where employees access horizontal and vertical walking-working surfaces. The rules are an adoption of the Federal OSHA's Walking-Working Surface Rules and provides minimum performance guidance for employers to follow where employees use fixed and portable ladders, mobile ladder stands and mobile ladder stand platforms, step bolts and manhole steps, stairways and dockboards, scaffolds and rope decent systems. Emphasis is placed on duty to have fall protection and falling object protection, fall protection and falling object protection criteria and practices, and training requirements.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Discuss employer responsibilities related to Part 2.
- ▶ Review employee responsibilities.
- ▶ Discuss specific rules of established standards.
- ▶ Identify hazards and control methods associated with maintenance and repairs of fixed and portable ladders.
- ▶ Identify construction parameters of systems used for walking and working surfaces, gaining elevation, skylights, and associated protective measures.
- ▶ Provide the student with the ability to navigate standards in order to apply established standards in the workplace.

The meeting site and parking are accessible. Individuals attending the meeting are requested to refrain from using heavily scented personal care products, in order to enhance accessibility for everyone. People with disabilities requiring additional services (such as materials in alternative format) in order to participate in the meeting should call 517-284-7720 at least 30 days before the program. The Department of Labor and Economic Opportunity (LEO) is an equal opportunity employer/program.

Facilitator

Robert Atkins is an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. Robert currently provides consultation and training services for the northwest Michigan counties surrounding Grand Traverse county.

Before working with the State of Michigan, Robert was an Environmental, Health and Safety Supervisor and Plant Sanitation Supervisor. His duties included accident investigation, safety training for new employees, annual safety training for all employees, chair of plant Safety committee, forklift certification and permit holder for storm water, RO water and Non-contact cooling water permits. Additional responsibilities included administration of all plant sanitation events.

Robert has a long work history in food manufacturing and aerospace. He is a graduate of Regis University with a Bachelor's of Science degree in Business and Leadership.

Presenters: Robert Atkins, Occupational Safety Consultant and John Bodnar, Senior Occupational Safety Consultant; MIOSHA-CET Division
